Auditors' Report

Your auditors have examined the accounts of the selectmen, overseer of poor, road commissioner, special highway commissioner and school directors, and also the books and vouchers of your treasurer, and the results therein found as of February 1st, 1917, are contained in the foregoing pages.

The new system of town accounting comes into effect for the coming year, and we think that if properly kept it will greatly simplify and facilitate the work of the auditors.
